Outpatient Therapy

Baptist Retirement Community's outpatient therapy offers a comprehensive team approach to physical, occupational and speech therapy services specializing in services for older adults in the Concho Valley area. We work with each patient and their physician to develop a customized treatment program. Our therapists' clinical expertise and genuine care enables patients to maximize their independent lifestyle. Some examples of specialized therapies include orthopedic, neurological (stroke, Parkinson's disease, traumatic brain injury, spinal injury, etc.), vestibular and balance, amputee, occupational hand and shoulder, speech and swallowing, general debilitation and cognitive language therapy. Through our knowledge and experience in the therapy field, we challenge and empower patients to achieve their goals and to reach beyond. Although the objectives for each patient may differ, we are committed to providing an enriching standard of care to achieve optimal wellness.

- Newly designed rehabilitation area and equipment
- Full time physical, occupational, and speech therapists
- Cognitive language-based therapy
- Wound care certified
- Accepts Medicare, Medicaid and Private Pay reimbursement
