Buckner Foster Care and Adoption

Documentation for Prospective Families
Buckner Children and Family Services (BCFS) is required to obtain a lot of information from you in order to verify your family for foster care and/or adoption. This process can be very tedious, but our desire is to streamline the process as much as possible to make it as easy as possible. We are here to help you!

Please carefully review the instructions included with this packet and do not hesitate to contact your assigned worker if you have any questions. We welcome your calls and emails.

Please begin completing the list in order. If you get stuck, don’t stay stuck. Go to the next item! If something is listed as a priority item, please know that this is important and/or takes you some time to locate and provide to us.

All forms can be downloaded at: http://www.buckner.org/foster-care-adoption-forms

If you do not have access to the internet or capability to complete the forms at home, please contact your assigned worker. You can come into our office and obtain a paper copy. Please turn in documents as you complete them. We prefer that you send these via email or fax. We prefer that you not wait until all items are completed because we want to build momentum as we work with your family.

If you have any questions, please let us know how we can help you. We are here to support you in this journey!

Formal Application
• This application should be completed in its entirety and turned in by the last day of your pre-service training.
• You will not move forward to the next stage without having this completed.
• There is a separate formal application for kinship/relative applicants.

Copy of Driver’s License
• We need a copy of each applicant’s driver’s license, all household members that drive and for any person submitting a Criminal History Background Check Request.
• Your driver’s license should reflect your current address. If not, you can change your address online at http://www.txdps.state.tx.us/.
• If an applicant has a concealed handgun, a copy of the license must be provided as well.

Copy of Social Security Card
• Social Security cards are required for all applicants and full and part time household members of all ages, and for any persons submitting a Criminal History Background Check Request.
• If you do not have copies, you must request them. Social Security cards can be obtained from your local social security office. If you must request these documents, please provide us a copy of the receipt until you receive the actual document. When you receive your document, we will need a copy for your file.

Criminal History Background Check Request
• Complete one request per person for all applicants as well as full and part time household members who are 14 and older, anyone who will be unsupervised with a foster child in your home, anyone who regularly visits the home and anyone who you will use as a babysitter.
• Please download and review the form for more information.
• This form must be submitted to BCFS to submit into the DFPS system BEFORE you can schedule your FBI Fingerprinting. You will receive an email from BCFS with instructions on how to complete your FBI fingerprinting after your background check is submitted with DFPS.
• This form must be submitted along with a copy of the driver’s license (state ID or passport for persons that do not have a driver’s license) and social security card in order for the background check to be initiated.

Prior State Central Registry Check Requirements, if applicable

Central Registry for Child Abuse and Neglect.

- Please notify your BCFS worker so this can be completed.

FBI Fingerprinting Information

- Once BCFS has notified you that your Criminal History Background Check Request has been submitted in the DFPS system, you may contact the fingerprinting company using the instructions provided via email from BCFS.

- Each individual must bring an acceptable form of ID to the fingerprinting center. The identification must either be a state-issued driver’s license or identification card. This applies to all applicants and may prove difficult for minors who do not drive a vehicle. These individuals need to apply for a state-issued ID Card, which requires an application that may be found online at [http://www.dps.texas.gov/DriverLicense/applyforID.htm](http://www.dps.texas.gov/DriverLicense/applyforID.htm) and will need to be accompanied with supporting documents, in most cases, a birth certificate.

- When you complete your FBI fingerprints, you should receive either a paper receipt during your appointment or an email receipt from IndentoGo that we can use to track your results and receive them more efficiently. Please forward/turn in copy of the receipt to BCFS after you have completed your fingerprints.

- You have 30 days to complete the FBI fingerprints from the time you receive your email.

The documentation must show a date of completion/graduation. If you cannot locate your documentation, please contact your school for a replacement copy. Physician’s Statement

- This form is to be completed by the physician for each applicant. BCFS does not require a new physical evaluation. We simply require that the form be completed by a physician.
