

2019 BUCKNER INTERNATIONAL ANNUAL REPORT

TOGETHER.

It's how we **shine** hope.

TOGETHER.

It's how we **shine** hope.

After 141 years of continuous ministry, we've identified a couple of constants at Buckner: First, the world still needs the kind of hope we provide. The second constant is just as true: We've never provided hope alone. From our earliest days, we have always worked together with others to shine hope.

Buckner is wired for togetherness and working

in tandem with others is a great model. Many times, we're able to take our experience and expertise, pair it with your energy, excitement, resources and heart, and change lives.

And who are you? You're individuals with hearts for children. Companies that see beyond the need to conduct business and seek to conduct change.

You're clubs and churches who band together to reach beyond your group and lift up others in need. You come from all walks of life and backgrounds, yet we're all united - together - in the pursuit of helping children, families and senior adults in need of help and hope.

This past year, we worked together with you to shine hope and bring positive change to more than 150,000 people in the U.S. and six other countries where we serve. That kind of work just isn't possible on our own. We can only do it when you magnify it. I see that kind of togetherness as miraculous.

WHO WE ARE.

Buckner International is a faith-based ministry dedicated to transforming the lives of orphans, vulnerable children, families and seniors. Founded in 1879 in Dallas, Texas, Buckner serves people through a variety of programs designed to protect children, strengthen families and serve senior adults.

WHAT WE DO BEST.

To maximize our resources and effectiveness, we focus on four key ministries:

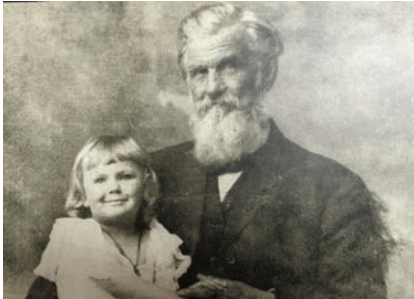

Foster Care and Adoption. We provide families for vulnerable children in need of safety and love.

Family Pathways. We help families stay together by providing single parents seeking higher education with affordable housing and support.

Family Hope Centers. We offer a range of services like counseling, computer classes and family coaching in communities where vulnerable families live.

Senior Living. We enrich the lives of the aging population with a continuum of services including independent living, assisted living, nursing, dementia care and hospice.

We celebrated 140 years of shining hope.

2019 marked the 140th year Buckner International has partnered with you to transform the

lives of children and families as well as inspired happiness in the lives of seniors. From the ministry's beginnings as an orphans home in East Dallas, Buckner has expanded to serve across Texas as well as in six foreign countries. Thanks to you, Buckner has protected thousands of children from abuse and neglect, strengthened the families of millions and improved the lives of countless seniors.
