Nestled in the heart of West Texas, Baptist Retirement Community offers an enriching senior

living experience characterized by comfort, care and hospitality. We would be honored to walk through this stage of life with you, and we want to give you a quick look at just what that means.

Baptist Retirement Community is a beautiful 100-acre campus

Independent Living

Independent Living options at Baptist Retirement are available to senior adults,

62 years of age and older. These are located at the Henley-Mabee High Rise Community, The Village and The North-gate Estates, and comprise a variety of housing options such as apartment living, townhomes, and single-family homes within a neighborhood setting. Members can expect an engaging, maintenance-free way of life with activities, programs, dining options, and amenities for their comfort and convenience. As a continuing

care retirement community, you can have the peace of mind that, as your healthcare needs change, our services will meet those needs within the comfort and familiarity of the community.

Memory Care Living

Sagecrest Alzheimer's Care Center

Sagecrest Alzheimer's Care Center was the first long-term memory care specific community in San Angelo. Since its opening in 2001, it has provided expert memory care in the area. Sagecrest offers a nurturing environment

with 24/7 licensed nursing staff and daily opportunities for members to engage, share and create meaningful moments.

Specialized staff strives to give elders living with memory impairments a sense of security, well-being and higher quality of life.

The Crest

The Crest, our memory care assisted living option, seeks to develop personal and lasting

relationships by focusing on elders' strengths while cultivating their purpose. It provides a non-regimented lifestyle in a small-home model, which produces a comfortable and familial atmosphere. With a 24/7 licensed nursing staff and a resident-focused approach, members can rest assured they are receiving care that is tailored to meet their specific needs and enhance their well-being.

Short-Term Rehab

The Cottages at Sagecrest

Opened in 2008 as extensions of Sagecrest Alzheimer's Care Center, The Cottages at Sagecrest (formerly known as Green House Homes) now provide short term rehab, also known as skilled nursing. The Cottages are

specifically designed to connect elders with a tight-knit community and promote fellowship. Here, members will find a home-inspired atmosphere with open living and

dining areas, as well as fewer total residents to accommodate a significantly smaller caretaker to elder ratio. This small home community allows members to recuperate after an illness, injury or surgery and receive the necessary care for recovery.

Personal Assistance Services

Baptist Retirement Community's personal assistance services provide support within the comfort of your home. Our personal assistance

program helps elders live comfortably and pursue their passions without worrying about daily concerns. Our services include, but are not limited to:

- Light housekeeping
- Medication management
- Meal preparation

Outpatient Therapy

Baptist Retirement Community's outpatient therapy program features a team approach designed specifically to promote the patient's independent lifestyle. The rehabilitation center offers state of the art equipment and onsite physical and occupational therapists. Our staff works with each patient to develop a customized treatment program and empower patients to reach beyond their goals.
