

Adoption is a lifelong *journey* and needs change over time.

Postadoption. Children and families often need continued support and resources even after adoption.

While permanency has been met, new challenges can arise for children and their families. That's why our services are not time-bound or limited.

The **vast majority** of parents receiving post-permanency support services reported their families were better off having received services.*

*Source: Cornell University

Postadoption *services* are for adoptees, birth families, foster, kinship, and adoptive families.

POSTADOPTION SERVICES

- ✓ Clinical counseling with a licensed professional
- ✓ De-identified copies of your child's adoption record
- ✓ Ongoing training and education and referrals to services in your area
- ✓ Search assistance to obtain medical information
- ✓ Search assistance to open a closed adoption
- ✓ Support groups to connect with others on a similar journey
