

Serving the most *vulnerable* of children

Therapeutic Foster Care. Children in Therapeutic Foster Care have moderate to significant social, emotional, behavioral, or unmet physical needs requiring the extra care and attention of a loving caregiver. These children need foster parents who believe caring for the most vulnerable children in foster care is their life's mission.

Not all special needs are visible on the outside.

BUCKNER®
Hope shines here.®

Help us find families for children in *Therapeutic* foster care.

Children don't expect perfect people. They just need empathetic humans willing to show up and learn. We'll help equip you from there. Families working with Buckner gain have access to resources, counseling, encouragement, and more.

Buckner equips families by offering:

- ✓ Advanced trauma training
- ✓ Faith community
- ✓ Financial support
- ✓ Mentors
- ✓ On-staff registered nurse
- ✓ Parent coaches
- ✓ Psychiatric/psychological consulting
